

## COURT NEWS

## ANSWER IN NOALL SUIT.

New Light Shed on Family Squabble Being Aired in Court.

W. H. Sellwood and his wife, Mrs. A. Noall, filed an answer and counter claim Thursday in the Third district court to the suit brought by Thomas B. Noall. In the complaint Noall asked judgment for \$500, the proceeds of the sale of a house owned by him in Michigan, and also for all the value of a louse which he alleged the Sellwoods had appropriated to their own use.

The answer admits that Sellwood and his wife sold the house, but they allege that it belonged to Mrs. Grace B. Noall, the mother of Noall and Mrs. Sellwood, and under the law of Michigan, Noall was only entitled to an equal amount of the proceeds with the other heirs. His share would only amount to \$103. Noall, it is alleged, authorized Mrs. Sellwood to apply his share of the money on keeping his child, and for moving to Salt Lake, where they were to keep house for him. Sellwood and his wife claim that Noall is indebted to them in the sum of \$1,800 for boarding his son for a period of 15 years, and for \$550 for board for himself. They ask judgment in the sum of \$2,350.

## MANY JAPS IN COURT.

The case of the state vs. Yel Mayeda, a Japanese charged with assault with intent to commit murder upon Okano, Feb. 27, is still being heard in preliminary examination before Judge Bowman. The criminal division of the city court was crowded this morning with interested spectators, most of them being Japanese. The progress of the hearing is very slow owing to the fact that the testimony has to be taken through an interpreter. Two witnesses have testified that Mayeda shot Okano during a row over money matters.

This afternoon the court will have another long session, and there are 18 cases on the city call, 27 of them being vagrancy charges. In all probability those charged with that offense will be given "floaters."

## CHARGES EXTREME CRUELTY.

Anna Kettleson Recites Four Threats To Kill Her as Grounds.

When Charles J. Kettleson, charged with assault with a deadly weapon upon his wife, Mrs. Anna Kettleson, appeared in Justice Bishop's court this afternoon, he was served with a summons in an action for divorce in which his wife charges him with extreme cruelty. Within the last two years, Kettleson has made four attempts upon her life. The offense for which he was arrested occurred on Feb. 8, 1909, when he grabbed a revolver and pressed it to her temple and threatened to shoot her. He chased her out of the house with a razor about six months ago and her life was saved by the interference of William Clure, her brother-in-law, who overpowered Kettleson. They were married in Richmond, May 3, 1907, and have one child, Nedra, 2 years old. Mrs. Kettleson asks for the custody of the child.

## CHECK SHORTAGE ADJUSTED.

Mrs. J. Kralmer Says She Made a Mistake in Explanation.

Mrs. J. Kralmer, a well appearing woman, who passed several worthless checks on Feb. 4, settled with the merchants whom she had defrauded before a complaint could be issued for her arrest. When she appeared at the store the next day she declared that she had made a mistake and issued a check on the wrong bank.

Mrs. Kralmer gave the first check at Desky's clothing store. She made a few purchases and then gave a check on McCormick's bank for \$35 and secured the change. She passed another check for \$25 on another firm in a similar manner.

Harold N. Desky submitted the check to the county attorney after it had been returned by the bank. He declared that W. P. Kiney, a clerk, had taken the check. While he was relating the story to the county attorney Mrs. Kralmer went to his store and offered a settlement which was accepted and the complaint was withdrawn. In the meantime another check issued by Mrs. Kralmer found its way to the county attorney's office, but that has also been settled, it is understood.

## RAILROAD NEWS

## EARLING PESSIMISTIC.

President of C. M. & St. P. Says Business Recession May Be Coming.

New York, Feb. 11.—President Albert J. Earling of the Chicago, Milwaukee & St. Paul, is authority for the statement that business is notably slower in the west than it was a month ago. Here is President Earling's statement:

"I have just learned that the west is cancelling orders. Merchants who have right along been buying in large quantities are slowing up. Their commitments and those who have ordered shipments of manufactured goods for delivery during the spring are countermanding them. A business recession may be on the way, and it may not, but certainly no favorable construction can be placed upon the fact of cancelled orders."

## SEPARATION IS COMPLETE.

Partition of Coal Properties Marks End of Rock Island-Frisco Union.

Chicago, Feb. 11.—Separation of the Rock Island-Frisco combination has been made complete by the partition of the west coal properties which were jointly owned by these companies. Official announcement of such separation has just been made and it is said that the consolidated Indiana coal company with headquarters here has taken over the sale of its own output, which previously was handled by the Brazil Block coal company.

The Consolidated Indiana company is owned directly by the Rock Island railroad and its division from the Brazil Block company is incident to the recent separation of the Chicago & Eastern Illinois and St. Louis & San Francisco roads from the Rock Island. The coal properties represented by the Frisco and eastern Illinois now are under the direction of Edwin Hawley, who has become interested in the B. F. Younk properties.

## WYOMING ROAD TRANSFER.

Laramie, Wyo., Feb. 11.—Stockholders of the Denver, Laramie and Northwestern Railroad company at a meeting yesterday ratified the transfer of all property to the Denver Laramie & Northwestern Railroad company and increase of capital stock from \$5,000,000 to \$20,000,000, of which \$22,500,000 are to be issued in bonds for the construction of 75 miles of road. The new incorporation authorizes the extension of the line to Seattle.

## SPIKE AND RAIL.

J. C. Bailey, general superintendent of the Denver railroad, is out on the Bingham branch today on an inspection trip.

H. M. McCartney, late assistant chief engineer of the Western Pacific, is in the city from San Francisco. When the engineering department turned the road over to the operating department, a banquet was given to Virgil C. Bogue, chief engineer, by the city of San Francisco. Mr. Bogue

accorded a large meed of credit to his assistant who had been engaged with him for years in supervising the building of the Western Pacific. Mr. McCartney was formerly connected with the Salt Lake Route, and assisted in the building of the line through the Meadow Valley Wash. He is here on a pleasure trip and is shaking hands today with old friends in this city.

H. W. Walker has gone to San Francisco and Los Angeles on a vacation trip.

J. H. Edgerly is in town from his Morgan county copper properties. He brings samples assaying \$23.40 in gold and silver and 72.6 per cent copper, which puts him in very good humor. Mr. Edgerly says extensive improvements will be made there this spring.

Chief F. E. Murray of the bureau of animal industry has returned from an official trip to Green River, where he found the flocks free from lip and leg disease, and the cattle free from tuberculosis.

## SCHOOLCHILDREN CELEBRATE.

The anniversary of the birth of Abraham Lincoln will be celebrated Saturday for the first time as a state holiday in Utah, the last legislature having enacted a law making it a legal holiday. All the state, county and city officials will be closed during the day. The banks will also close and the moving to Salt Lake where they were to keep house for him. Sellwood and his wife claim that Noall is indebted to them in the sum of \$1,800 for boarding his son for a period of 15 years, and for \$550 for board for himself. They ask judgment in the sum of \$2,350.

In the public schools Lincoln's birthday will be observed today by the reading of his Gettysburg speech and a musical program. Several schools will commemorate his birthday on Monday.

By request, no flowers. Interment Mt. Olivet cemetery.

R. E. Evans, Florist, 24 S. Main St. Floral designs a specialty. Phone 951.

## GERMANS GO TO SECOND IN NAVY

Outsiders All Nations Except English In Construction of Battleships.

Naval officers sat up and took notice, when it was announced officially by the officers of naval intelligence that the fighting sea strength of the eight powers of the world shows that Germany has jumped from fourth place, over France and the United States and has taken second place behind Great Britain.

The tables give the naval situation on Nov. 1 and it is accepted by foreign naval officials, as well as by foreign dispatches in Washington, as conclusive of the various suspensions entertained by students of marine armament. Not only has Germany eclipsed France within the last year and made great gains on Great Britain, but she has outdistanced the United States in ship building.

Another feature of the statement is that Japan, which has been reported as making great strides, has increased her completed tonnage less than 20,000 tons and her tonnage under construction less than 50,000 during the last year.

The United States has lost some tonnage, she has lost 65,000 tons, but she has gained 62,755 in a year. Russia, Italy and Austria are below Japan in the order named. The relative strength of the nations in service:

Nation	Tons 1908	Tons 1909
Great Britain	1,571,175	1,734,309
Germany	1,020,000	1,282,572
United States	524,573	682,735
France	428,852	602,920
Japan	249,343	265,203
Russia	249,343	265,203
Italy	220,435	216,053
Austria	114,250	114,250

The following table on construction of new ships and present strength shows Germany's progress:

Nation	Tons 1908	Tons 1909
Great Britain	1,571,175	1,734,309
Germany	1,020,000	1,282,572
United States	524,573	682,735
France	428,852	602,920
Japan	249,343	265,203
Russia	249,343	265,203
Italy	220,435	216,053
Austria	114,250	114,250

As will be seen by the table Great Britain is building 12,000 tons, Germany 10,000 tons, the United States 10,000 tons, France 10,000 tons, Japan 10,000 tons, Russia 10,000 tons, Italy 10,000 tons, Austria 10,000 tons.

Germany is building 12,000 tons, the United States 10,000 tons, France 10,000 tons, Japan 10,000 tons, Russia 10,000 tons, Italy 10,000 tons, Austria 10,000 tons.

Germany is building 12,000 tons, the United States 10,000 tons, France 10,000 tons, Japan 10,000 tons, Russia 10,000 tons, Italy 10,000 tons, Austria 10,000 tons.

Germany is building 12,000 tons, the United States 10,000 tons, France 10,000 tons, Japan 10,000 tons, Russia 10,000 tons, Italy 10,000 tons, Austria 10,000 tons.

Germany is building 12,000 tons, the United States 10,000 tons, France 10,000 tons, Japan 10,000 tons, Russia 10,000 tons, Italy 10,000 tons, Austria 10,000 tons.
